# How to set up your personal fundraising page in Race Roster
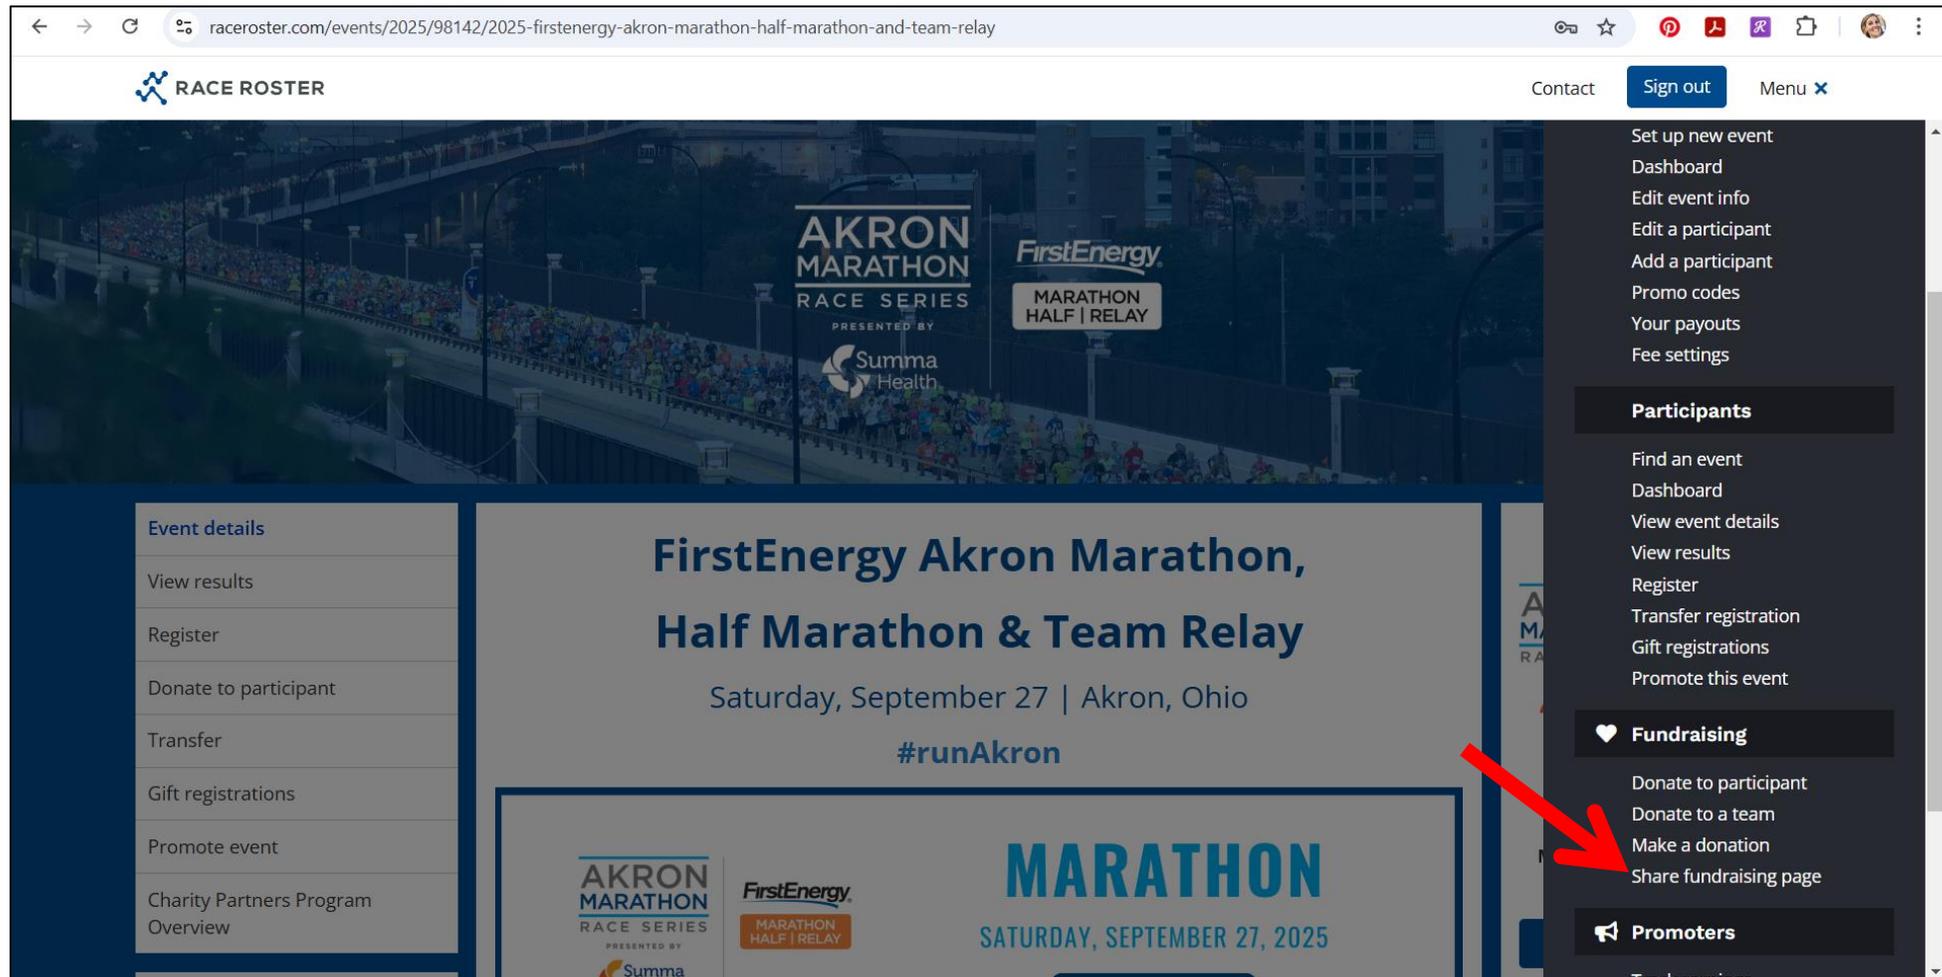

1. Go to the event registration page on Race Roster
2. Click **Sign In** on the top right-hand corner

3. Once you sign in, click **Menu** on the top right-hand corner
4. A menu will appear, scroll down and click **Share fundraising page** and you will land on your pledge page for this specific event

5. To the right click **Edit Fundraising Page**

6. Make any necessary adjustments to your pledge goal, adding text, and adding an image to your page

7. If the event you are participating in has more than one charity, you can lock in your preferred charity and all donations will go to that one goal. Click the field beside Select a preferred charity provider and select your charity.

8. Click **SAVE UPDATED FUNDRAISING INFORMATION** once updates have been completed

9. To share your fundraising page click **Share Page**

10. You will see a share page dropdown menu containing Facebook, Twitter, and a direct link to your pledge page to be copied
